Professional Summary

Aspiring Full Stack Developer with expertise in Java, JavaScript, Node.js, Express.js, and frontend technologies. Experienced in building scalable web applications with secure authentication and seamless payment integration. Strong problem-solving skills, a quick learner, and committed to continuous innovation.

Education

- B. Tech | Computer Science & Engineering
- CSMSS Chh. Shahu College of Engineering | CGPA: 6.58 (Till 7th Sem.) | 2021 - 2025
- 12th (HSC) | Vinayakrao Patil Mahavidyalaya, Vaijapur | Percentage: 82.33% | 2020 - 2021
- 10th (SSC) | Kailas Patil Madhyamik Vidyalaya, Vaijapur | Percentage: 73% | 2018 - 2019

Work Experience

Linkcode Technologies Pvt. Ltd. | Full Stack Developer Intern

Mar 2025 - Present | Pune, India

- Developed scalable and optimized web applications using Angular and Express.js.
- Enhanced UI/UX for better performance and responsiveness.
- Implemented secure authentication and database management with MongoDB & MySQL.
- Worked with REST APIs, Git version control, and performance optimization.

Technical Skills

- Programming & Backend: [Java](#), [JavaScript](#), [Node.js](#), [Express.js](#)
- Frontend: [HTML](#), [CSS](#), [Bootstrap](#), [JavaScript](#), [React.js](#)
- Database: [MySQL](#), [MongoDB](#)
- Development Tools: [Git](#), [GitHub](#), [REST APIs](#), [Postman](#)
- Core Subjects: [Data Structures & Algorithms](#), [Operating Systems](#), [Database Management](#)

Projects

E-Learning Marketplace with Educator Dashboard & Razorpay Integration (Nov 2024)

Developed a dynamic online learning platform that connects users with a diverse range of courses and educators. The platform is designed to offer a seamless and secure experience for both learners and educators.

Key Features:

- **Secure User Authentication:** Implemented a robust user authentication system to ensure that only registered users can access premium content, thereby maintaining high security standards.
- **Educator Marketplace:** Developed an intuitive interface for educators to upload and manage their lectures. This marketplace enables educators to monetize their content by selling courses directly to users.
- **Seamless Payment Integration:** Integrated Razorpay for smooth and secure payment processing, ensuring hassle-free transactions for course purchases.

E-Commerce Website with Authentication (Jul 2024)

- Developed a responsive e-commerce website that offers a seamless shopping experience with secure user authentication. The platform features a robust JWT-based authentication system for sign-up, login, and logout, ensuring secure session management. Angular routing is integrated to facilitate smooth navigation between key pages such as the product catalog, login, and checkout.
- Built using HTML, CSS, and Angular to responsive design principles, ensuring compatibility across both mobile and desktop devices. Robust form validation is implemented during user authentication and the checkout process, and the application leverages REST APIs for efficient backend communication.

Certifications

- Core Java Programming - Fuel (May 2024)

Achievements

- Earned 5-Star HackerRank Badge in Java.
- Solved 200+ coding problems on LeetCode & HackerRank.
